

Benin Custom Fire Cable Tray Prices

AI Overview

Fire-resistant cable trays in Benin are available from multiple suppliers, with prices varying based on material, size, and customization, typically requiring direct quotes from local distributors.

Suppliers and Product Options

- Ned-Tech is a leading supplier in Benin, offering galvanized steel, stainless steel, and aluminum cable trays, including ladder, perforated, and trunking systems suitable for fire-resistant applications. They provide bulk pricing and technical support for contractors and government projects across cities like Cotonou, Porto-Novo, and Parakou, ensuring durability in both coastal and inland conditions .
- Brilltech Engineers Pvt. Ltd. supplies standard and customized cable trays in Benin, including fire-rated options. They cater to industry-specific requirements and provide guidance on sizing and installation, though pricing is typically provided upon request .
- Nino Engineering manufactures perforated, ladder-type, stainless steel, and FRP cable trays, which are suitable for fire-resistant installations. They offer custom fabrication based on project specifications, which affects the final cost .

Material Considerations

- Galvanized Steel: Strong, cost-effective, and corrosion-resistant; widely used for fire-rated trays.
- Stainless Steel: Higher durability and corrosion resistance, suitable for humid or coastal areas; generally more expensive.
