

Fiber optic patch cord sf

Overview

Get low-loss fiber patch cables & cords with various connector options that support fiber optic cabling up to 400G. Our product offering includes: jumpers (patch cords), multi-fiber cable assemblies, rackmount enclosures, wallmount enclosures, and fiber optic and copper based network components. A fiber optic patch cable is a short piece of fiber with connectors on both sides. It connects one device to another, often within the same rack or across neighboring network equipment. As well as for mobile communications & industrial applications. Provides up to 10Gbit/s for thousands of km and is immune to EMI/RFI. Flexible boots are able to be bent and set in different orientations to accommodate tight spaces. The Corning Quick Connect program offers a 2-day lead time for our EDGE Uniboot Jumpers, with a 90% delivery guarantee.
