

Outdoor 24-core optical fiber distribution box

Overview

Telhua's 24 Cores IP65 Fiber Optical Outdoor Distribution Box offers high-density fiber management with IP65 protection, quick installation, and compliance with IEC, TIA/EIA, and RoHS standards. Ideal for reliable outdoor network deployments. The individually installed splicing trays can be easily repositioned as necessary. With. The HTB8048B Fiber Optic Distribution Box is designed for FTTH and FTTx optical access networks, offering reliable cable splicing, splitting, and termination. Here are some of the key features: Outdoor fiber distribution box is designed to withstand harsh environmental conditions such as extreme temperatures, humidity, and physical shock. 24 Port Fiber Distribution Box is used for splicing and termination between SC/LC optic cables and pigtails and work with the 1:8 PLC splitter to connect drop cables. It can loaded with maximum 2 sets of tube splitter according to your requirements. The ABS high-grade plastic material of ODB.
