

Price Inquiry for Customized Cable Trays in South Korea

AI Overview

Customized cable trays in South Korea typically range from \$20 to \$150 per meter, depending on material, size, and complexity of customization.

Overview of Pricing

The cost of customized cable trays in South Korea varies widely based on several factors:

- **Material:** Galvanized steel, stainless steel, and fiberglass are commonly used. Galvanized steel trays are generally more affordable, while stainless steel and fiberglass options are more expensive due to corrosion resistance and durability .
- **Size and Load Capacity:** Wider trays or those designed to carry heavier cables cost more. Standard widths range from 100 mm to 600 mm, with larger or deeper trays increasing the price .
- **Customization:** Special perforations, bends, or modular designs tailored to specific projects add to the cost. Fully customized trays with unique dimensions or integrated supports are priced higher .
- **Quality and Standards:** Trays manufactured to meet stringent industry standards, including electrical safety and environmental compliance, may carry a premium .

Typical Price Range

- **Basic Galvanized Steel Trays:** \$20-\$50 per meter
- **Stainless Steel or Fiberglass Trays:** \$60-\$150 per meter
