

Price of Electric Cable Pulling Equipment for Optical Fiber

Overview

On average, you can rent a Fiber Optic Cable Puller for \$300/day, \$979/week, \$3075/month. The GMP SideWinder Trailer-Mounted Fiber Optic Puller SideWinder Fiber Optic Puller has been designed to exceed the requirements of installing underground telecommunication cables, employing a 32 in. diameter single capstan to provide a controlled force to the pulling rope or tape. GMP battery. An optical fiber cable pulling machine is an essential tool used in telecommunications, data networking, and power infrastructure to safely and efficiently install fiber optic cables through conduits, ducts, and overhead lines. General Equipment & Supply offers a large selection of reconditioned and new solutions from from top manufacturers such as Greenlee, Reel Tools. Actual Fiber Optic Cable Puller prices vary greatly based on brand, model, condition (new or used), options, and packages. It is used for long distance transmission of large section cable, especially suitable for long distance laying of various types of cables such as tunnel, pipe row, directly.
