

Where is the Mongolian galvanized cable tray factory located

AI Overview

There is no dedicated galvanized cable tray factory physically located in Mongolia; suppliers operate from India and export to Mongolia.

Several companies, such as Super Cable Tray Pvt. Ltd. and Brilltech Engineers Pvt. Ltd., are recognized as suppliers of galvanized steel cable trays in Mongolia, but their manufacturing facilities are based in Delhi, India . These companies provide a range of cable management solutions—including GI perforated cable trays, ladder trays, and PVC trays—customized for industrial, commercial, and residential applications in Mongolia . Key details about these suppliers:

- Super Cable Tray Pvt. Ltd.: Offers galvanized steel cable trays with ISO 9001:2015 certification, emphasizing durability and corrosion resistance. They serve Mongolian clients through exports from India .
- Brilltech Engineers Pvt. Ltd.: Manufactures cable trays in-house in India and supplies them to Mongolia, providing customized solutions for various sectors .
- Cable House: Another Indian-based manufacturer supplying cable trays and related products to Mongolia, capable of producing tailor-made solutions . These companies do not maintain a physical factory in Mongolia; instead, they export their products directly to Mongolian customers, ensuring timely delivery and after-sales support. If you are seeking galvanized cable trays in Mongolia, contacting these Indian manufacturers is the primary route for procurement. For further inquiries, you can reach out to these suppliers via their websites or contact numbers to discuss specifications, shipping, and customization options .
